

# BUSINESS AUTOMATION FOR ENERGY COMPANIES

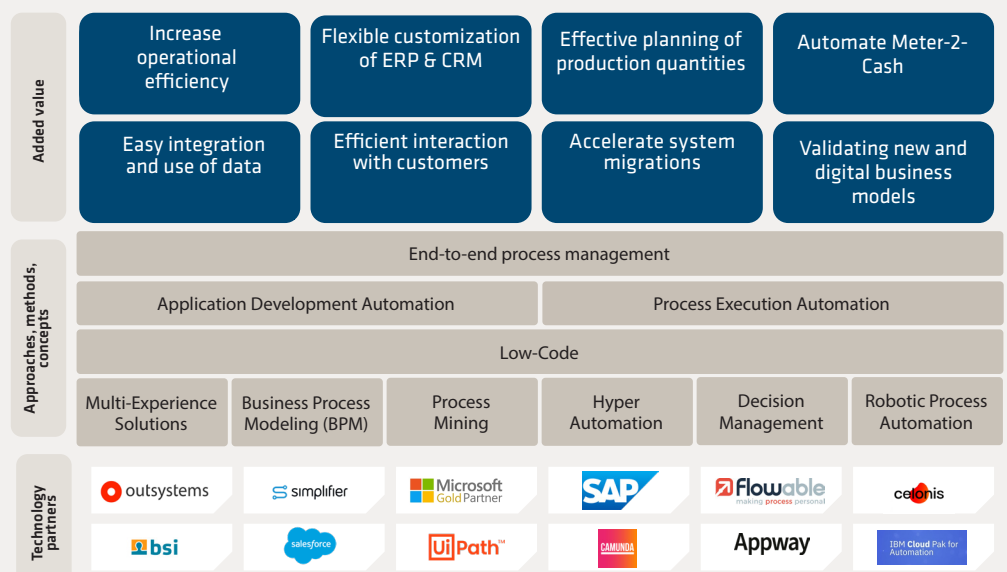

## TARGETED AUTOMATION OF YOUR BUSINESS AND IT PROCESSES

*The increasing digitalization of the energy industry, the rapidly growing amount of available data and the ever-increasing wealth of possibilities require modern and efficient execution of all business processes.*

### OUR SOLUTION

Business automation offers energy suppliers significant benefits by making operational processes such as the meter-2-cash process, day-ahead forecasting, resource planning and administrative processes more efficient and cost-effective. Automation technologies such as Robotic Process Automation (RPA), Artificial Intelligence (AI), Machine Learning (ML) and data analysis can be used to automate and optimize various tasks.
